

GE Healthcare (GEHC) furnishes this list of vendors as a convenience to our customers. GEHC has worked to qualify the capabilities of these applicators on the Discovery IGS 7. All vendors listed below have been qualified by GEHC, but GEHC has no preference as to which qualified vendor customers select. References should be solicited directly from the vendors. We will add any additional vendor names as they are qualified and if they agree to provide products and services that are in complete compliance with the GEHC Pre-Installation Manual (PIM).

Note: Customers must insist all vendors have committed to providing products and services that are in complete compliance with the PIM. When vendors provide a quote, the quote must refer to the PIM and not just the vendor's standard products/services. Customers should not enter into a contract without this commitment.
